SCTC Consultant/Analyst Membership Application

Agreement:

I understand and agree that in order for the SCTC to determine my qualifications for membership in the SCTC, the latter must conduct an investigation of my character, professional background and experience within the telecommunications industry. Among other things, SCTC will solicit comments on my application from its members for the purpose of confirming my ethical standards and level of experience, all in keeping with SCTC's membership requirements and Code of Ethics.

I further agree that the SCTC, including, but not limited to its Board, officers, committees, members and agents and/or representatives shall have no liability to myself or third parties for any loss, damage, injury, cost or expense arising out of or in any way resulting from or connected with SCTC's aforementioned investigation. I agree to indemnify, hold harmless with respect to all such matters and to defend the SCTC from and against any and all claims, demands, suits, litigation or proceedings brought against the SCTC as a result of SCTC's investigation.

Upon being granted membership, I agree to adhere to the SCTC Code of Ethics:

- I. Every member has the professional responsibility of fair dealing towards the member's clients, past and present, fellow members, and the general public.
- II. Every member has the professional responsibility of adhering to generally accepted standards of accuracy, truth and good taste at all times.
- III. No member shall represent conflicting or competing interests, nor shall be placed in a position where the member's interest is, or may be, in conflict with duty to the client.
- IV. Each member shall safeguard the confidences of both present and former clients and shall not accept retainers, which may involve the disclosure or use of these confidences, to the disadvantage or prejudice of such clients.
- V. No member shall intentionally disseminate false or misleading information, and each member is obligated to use as much care as is humanly possible to avoid dissemination of false or misleading information.
- VI. No member shall intentionally injure the professional reputation or practice of another member. However, if a member has evidence that another member has been guilty of unethical, illegal or unfair practices, including practices in violation of this Code, the member is obligated to present the information to the proper authorities of the Society for action in accordance with the procedure set forth in the by-laws.
- VII. In performing services for a client, no member shall accept fees, commissions, or any other valuable consideration in connection with those services from anyone other than the member's client.
